### *REBUILDING YOUR EDUCATION PARADIGM*

Escaping the *conveyor belt* approach of institutional education by which most of us were shaped isn't easy, but it has to be done. For many parents, our greatest handicap as teachers is our own education. In this inspiring and empowering session, you will not only come to understand the nature and purpose of today's educational system as it was originally conceived and designed, but you will see a shining alternative path, one that develops true thinkers, leaders, and communicators—so desperately needed in today's world.
